

Mossel Bay Port and Possibly the Petro Chemical Opportunities

Feedback at the Mossel Bay Business

Three Projects

- Context and challenges
 - Inter connection of Port and Petrochemicals
 - Petrochemical probably sustained but decreasing as is fishing
 - Opening of new opportunities in port
- Project:
- Inclusive process to facilitate and deliver a rapid and successful transition from current reality to a desired future for the project
- Formalise the port consultation structure
- Mandate the chamber on behalf of the inclusive community to facilitate this process

Three Projects

- Maritime and Artisan Skills Building Project within an Inclusive Partnership in the Port using the Port Consultation Structure
- Project for Open Innovation through Inclusive Partnerships Through Real Openness and Access
 - Measurable and accountable in terms of a SLA
 - Trust but Check all Partners/ Praise but also Blame and Shame
 - For example Innovate incentivised approaches to get bunker trade/passenger/ cargo in the port
